19. Personal User Information or any documentation collected from any User under Clause 10 above may be shared by Us with any appropriate agencies or parties for verification or as required for identity, anti-money laundering or any other form of checks.
20. We are obliged to share any documentation collected under Clause 10, Personal User Information or Anonymous Information on request or orders from any competent Judicial or Administrative authorities empowered to seek such data as per the laws of the countries where We operate. We are under no obligation to transfer information about any such requests to Our Users but may attempt to do so unless prohibited by law.
21. Users are requested to read and understand the Privacy Policy which may cover additional subject areas of collection and usage of their data. The Privacy Policy and these Terms and Conditions together govern the Use of the Spectre Platforms and both the documents cannot be read in isolation.

Usage of the Spectre Platforms

22. Use and access of the Spectre Platforms is provided at Our sole discretion and We have the right to terminate or regulate in any manner the right to Use the Spectre Platforms for any User at any time without prior notice. In exceptional situations and/or on instructions by competent judicial or law enforcement authorities of any jurisdiction, the regulation of the rights may extend to holds placed on withdrawal of any funds in the Spectre Account and/or On-site Wallets or any other action as deemed fit by Us.
23. We at Our sole discretion reserve the right to conduct an 'Appropriateness Test' on any User to determine his knowledge, experience and expertise in the field of investment using sophisticated instruments and financial trading. This test may also be used to know if a particular User understands the risks involved in a particular product or service or in a given contract. Based on the results of the Appropriateness Test We

may attempt to contact the User to discuss the results of the test and may also communicate a warning through email or the Website. In exceptional cases, We may also suspend or restrict access to the Spectre Account for the User.

24. We may impose special controls including but not limited to restrictions on Usage of On-site Wallets, restrictions on features provided to the Spectre Account holder, time limits for transactions, cancellation of the Spectre Account, restrictions on withdrawals from On-site Wallets, restrictions on contracts and transactions which can be conducted on Spectre Platforms, higher charges for transactions on Spectre Platforms and additional charges for deposit and withdrawal of funds from any Spectre Platform including On-site Wallets in case of any of the following situations:
 - (a) Any report or assessment by Us that the User is acting in contravention of laws, regulations or industry standard practices which govern him or Us
 - (b) The User possesses insider information or knowledge through any manner for any instrument traded in Spectre
 - (c) Restrictions are imposed by any regulatory authorities which govern the User or Us
 - (d) We receive instructions to act in a certain manner or regulate the activities of any User from judicial or law enforcement authorities of any jurisdiction where We operate
 - (e) We assess that We may suffer from any regulatory or financial disadvantage by extending services to the User or by operating in a particular jurisdiction
 - (f) We do not receive any satisfactory response from You on Our request from you for information about You and/or your transactions conducted on the Spectre Platforms
 - (g) We receive information and material from any source or from background checks conducted by Us about your non-compliance with the Terms and Conditions or the Privacy Policy or the laws of any jurisdiction which govern Us or the User.
 - (h) We have a suspicion that one or more users are utilizing multiple IP addresses in an effort to deceive, manipulate, or otherwise circumvent the Spectre Platforms.
 - (i) We have a suspicion that one or more users are using algorithmic trading bots in order to manipulate the Spectre Platforms.
25. Any contract that is entered into by any User on any Spectre Platform is not modifiable or after conclusion. The User has the obligation to fulfil the obligation and may be exposed to legal proceedings in case of failure to complete his obligations as per the terms of the contract.
26. Every financial contract purchased on Spectre Platforms is a separate individual agreement between the User and the Company and is not a security. The financial contracts are non- negotiable and cannot be assigned or transferred to any third party. The obligations for any financial contracts are only considered complete when payment of all financial obligations arising from the contract are paid and settled and the actions are verified.
27. **Special provisions for handling User Funds:** In addition to the other provisions of the Terms and Conditions and Privacy Policy, the following special provisions will govern the handling of User Funds in Spectre Platforms:
 - (a) In case of use On-site Regular Wallet:

- i. The On-site Regular Wallet is either an UPHOLD account or an account in a Payment Service Provider that gets settled on a regular basis with a Company's bank account. When a user transacts on the Spectre Platforms, the amount on this account will be used and settled.
 - ii. The funds (fiat currencies and crypto-currencies) in the On-site Regular Wallet are only used for settlement transactions by the User on Spectre Platforms and the funds held are not invested in any securities, futures, currencies, derivatives or other investments on behalf of the User.
 - iii. The On-site Regular Wallet should only be used for storing the required amount of funds that the User intends to use for transactions on the Spectre Platforms and should not be used as a wallet for storing funds for other purposes.
 - iv. Any funds which have been held on the On-site Regular Wallet for a minimum period of 365 (Three hundred and sixty-five) days without using it for any transactions may be paid out to a registered charity selected by Us.
 - v. All deposits that are not done via a Payment Service Provider are stored with UPHOLD. UPHOLD is not a bank, so balances are not deposits and they do not earn interest. Balances are not insured by the Federal Deposit Insurance Corporation, the Financial Services Compensation Scheme, or any other entity or insurance scheme, whether governmental or private. You may find UPHOLD's terms and conditions here: <https://uphold.com/en/legal/membership-agreement> . Should you have any objection to us using UPHOLD then you should refrain from using our product with an UPHOLD account, or use a Payment Service Provider.
 - vi. When a User seeks to transfer funds to the On-site Regular Wallet, it may have to be cleared through the Ethereum Blockchain/ UPHOLD/Payment Service Provider and may be subject to processing times and fees. Your funds will reflect in the On-site Regular wallet after the funds are received. The funds are kept in USD regardless of the initial currency (FIAT or crypto) that was used during deposits. This is to avoid any FX exchange risk.
 - vii. In case, a User chooses to withdraw funds from the On-site Regular wallet, they will have to make a request through the Website by logging on to their Spectre Account. The funds will be transferred only to the address/details which were used to initially load the funds to the On-site Regular Wallet. The User may be subject to account verification procedures before processing a withdrawal and transactions may be subject to delays till completion of the procedures. The User will also have to bear the cost for the withdrawal transaction.
 - viii. In the event of a Force Majeure Event, a Market Disruption Event or in the event that a Hedging Disruption Event has occurred or about to occur, then We reserve the right to delay or not honor altogether any request for withdrawal of funds till the time We are affected or restricted by the events.
- (b) In case of use On-site Defi Wallet:
- ix. The On-site Defi Wallet is an account in BINANCE that gets settled on a regular basis with a Company's ETH wallet account. When a user transacts on the Spectre Platforms, the amount on this account will be used and settled.
 - x. The funds (crypto-currencies) in the On-site Defi Wallet are only used for settlement transactions by the User on Spectre Platforms and the funds held are not invested in any securities, futures, currencies, derivatives or other investments on behalf of the User.

- xi. The On-site Defi Wallet should only be used for storing the required amount of funds that the User intends to use for transactions on the Spectre Platforms and should not be used as a wallet for storing funds for other purposes.
- xii. Any funds which have been held on the On-site Defi Wallet for a minimum period of 365 (Three hundred and sixty-five) days without using it for any transactions may be paid out to a registered charity selected by Us.
- xiii. All deposits to the On-site Defi Wallet are stored in an ETH wallet and they do not earn interest. They are kept in the origin coin, cannot be exchanged in any other Defi coin/ FIAT currency, and are subject to FX exchange risk. Should you wish not to bear this risk, then feel free to use the On-site Regular Wallet instead or an Off-site Wallet.
- xiv. When a User seeks to transfer funds to the On-site Defi Wallet, it may have to be cleared through the Ethereum Blockchain/ UPHOLD/Payment Service Provider and may be subject to processing times and fees. Your funds will reflect in the On-site Defi wallet after the funds are received.
- xv. In case, a User chooses to withdraw funds from the On-site Defi wallet, they will have to make a request through the Website by logging on to their Spectre Account. The funds will be transferred only to the address/details which were used to initially load the funds to the On-site Defi Wallet. The User may be subject to account verification procedures before processing a withdrawal and transactions may be subject to delays till completion of the procedures. The User will also have to bear the cost for the withdrawal transaction.
- xvi. In the event of a Force Majeure Event, a Market Disruption Event or in the event that a Hedging Disruption Event has occurred or about to occur, then We reserve the right to delay or not honor altogether any request for withdrawal of funds till the time We are affected or restricted by the events.

(c) In case of use Off-site Wallet:

- i. The Off-site Wallet is a User's private wallet which possesses the capability to store, transfer and handle ETH for use in the Spectre Platforms. The suitability of an Off-site Wallet used for transactions on the Spectre Platforms is determined solely by the User.
- ii. We accept no responsibility in any manner for maintaining the utility of an Off-site Wallet or any events which may affect an Off-site Wallet.
- iii. Only the amount of funds that a User wishes to use in a particular trade or transaction would be transferred to Us from an Off-site Wallet and the transaction will be considered complete only when the funds are received. The User will have to bear the gas while initiating a transfer for a transaction.
- iv. In the event of a successful trade, the profits generated will be transferred to the Off- site Wallet from which the funds were received, but the funds may reflect in the Off- site Wallet after delay due to network conditions.

28. In cases of the following situations, in addition to the other provisions of the Terms and Conditions and Privacy Policy, the following special provisions will govern the situation:

- (a) When undertaking a trade or transaction on Spectre Platforms using one of the On-site Wallets:

- i. You agree and understand that any trade or transaction that you may initiate will be binding and irrevocable and, in most cases, cannot be reversed. We shall be under no obligation to attempt to reverse such trades and will not honor such requests unless required by law.
 - ii. Any trade or transaction will not be considered as valid until the receipt of a confirmation on the screen of the User.
 - iii. Any trade or transaction may not be completed or fail even after the receipt of a confirmation by the User as communications may be intercepted by unauthorized parties or may not reach their intended destination or may do so much later than intended for reasons beyond Our control and You may lose all funds or profits involved in such trade or transactions without an option for recovery.
- (b) When undertaking a trade or transaction on Spectre Platforms using an Off-site Wallet:
 - i. You agree and understand that any trade or transaction that you may initiate will be binding and irrevocable and, in most cases, cannot be reversed after confirmation by the blockchain.
 - ii. Any trade or transaction will not be considered as valid until the receipt of a confirmation on the screen of the User
 - iii. Any trade or transaction may not be completed or fail even after the receipt of a confirmation by the User as communications may be intercepted by unauthorized parties or may not reach their intended destination or may do so much later than intended for reasons beyond Our control and You may lose all funds or profits involved in such trade or transactions without an option for recovery.
 - iv. You may also lose funds during the process of loading of funds from an Off-site wallet for trade on a Spectre Platform and during the process of withdrawal of funds or profits from the Website and We will not be able to compensate or indemnify you for the same.
29. All trades and transactions are conducted on the Spectre Platforms at the sole will, risk and instructions of the User initiating the transaction as identified by the Spectre Account and We have no obligation to compensate or indemnify any User for any losses or presumed loss of profits due to failure or error in any trade or transactions.
30. Any prices, values and information shown in any of the Spectre Platforms may be subject to constant change. The values and prices which are used for a particular trade or transaction may change any time prior to execution and the final price or value if the price shown to you and confirmed by you at the time of execution.
31. Users may experience differences in the trading conditions (assets, payouts, expirations etc) when comparing trading in Live and Demo environments, as Demo is a test environment for them to get used to the platform. Live trading is performed in real market conditions where aspects like low liquidity for example play a big part in the prices and behaviour of the assets. Since Digital Contracts is without spread or near zero spread, certain contracts are removed rather than a very low payout being offered or higher spread being applied.
32. We reserve the right to terminate any event or trade which was conducted when according to Our opinion there was an error in the trading platform or in the current prices and/or published payouts.

33. The Company may also adjust the Spectre Account and/or On-site Wallets of a User if it determines that there was a disruption, miscarriage or aborted trade before the Spectre Account and/or On-site Wallets of a User were suspended, frozen or terminated.
34. We reserve the right to cancel or reverse any transactions or trades entered with funds from one of the On-site Wallets if We determine or learn that any of the contracts have been acquired or sold at a level which is incorrectly or unfairly represented by the price of the asset at the time of transaction due to any reasons which may include but are not limited to unknown programming errors, bugs or glitches in any of the Spectre Platforms, incorrect market data feed, contract pricing latency, stray quotes, incorrect pricing parameters or miscalculation of any nature.
35. We reserve the right to cancel or reverse any transactions or trades entered with funds from one of the On-site Wallets if We have a suspicion that a USER has deliberately tried to deceive, manipulate or otherwise circumvent the Spectre Platforms.
36. In case a Spectre Account and/or On-site Wallets of a User are frozen, terminated or suspended fully or partially by Us for any reason, We may at Our sole discretion decide to honor any contractual obligations which We believe were entered into without violation of any laws or the Terms and Conditions.
37. A User may decide to close their Spectre Account by communicating their desire for the same at support@spectre.ai. Prior to closure of a Spectre Account and permission to withdraw any remaining funds from On-site Wallets, a User must have completed all required KYC and AML formalities including submission of Personal Information and Documents and also must have completed any open trades or contracts in the Spectre Platforms.

38. Policy on Cancelled, Suspended, Inactive or Dormant Accounts:

- (a) A Spectre Account which has not been used for any transactions for a consecutive period of 365 (Three hundred and sixty-five) days will be considered as an Inactive or Dormant account.
- (b) The funds in a dormant or inactive account may be transferred to a registered Charity determined by Us. Users may still be able to recover some funds if the transfer to a registered Charity has not been carried out for a certain reason and such Spectre Account holders should contact support@spectre.ai immediately.
- (c) In case a Spectre Account is terminated or cancelled or suspended, the User may in exceptional circumstances be able to recover the funds available in the On-site Wallets by contacting Us immediately at support@spectre.ai.

39. Rules of the Spectre Incentive Program(SIP)

- (a) In order to be eligible to participate in the Spectre Incentive program the users should have a Regular (Real Money) account and comply in full with the Terms & Conditions presented in this document.
- (b) There are many variations of the Spectre Incentive Program such as
 - Weekly contest with a \$1,000 income boost to the trader who generates the highest volume during that week. Each trading week starts on Sunday 00:00:00 GMT and finishes on Saturday 23:59:59 GMT.

- Annual contest with \$50,000 offered to the trader with the highest volume. The trading year ends on the 31st of December.
- (c) The winner of each period will be contacted via email within 48 hours and their information will also be pasted on the www.spectre.ai website under the relevant section.
 - (d) Participants shall acknowledge and accept that, in case they are awarded a prize at the end of a week or year, they may be asked to participate in promotional events and public announcements in connection with it and that Spectre may use part of their names and trading history on the website.
 - (e) The prize amounts will be transferred to real accounts of the winners within 48 hours and can be withdrawn without any limitations at any point in time. However, in order to be able to accept and eventually withdraw the prize funds the contestant's account needs to be fully KYC verified. We reserve the right to disqualify a participant whose account is not verified within two weeks after the completion of the corresponding contest.
 - (f) Registration of multiple accounts is not allowed and will lead to disqualification.
 - (g) In case one of the winners is disqualified, a contestant with the next best result takes the place of the disqualified participant.
 - (h) In all variations of the SIP the contest will be considered as void for the said period if the overall profit of the Decentralized Autonomous Liquidity Pool (DALP) that is backing all trades in the Spectre Trading Limited for the said period is less than the prize amount.
 - (i) We reserve the right to disqualify a participant, to change the contest rules, requirements and awards without prior notice and at any time and at its sole discretion.

Details of the Contracts

40. The Contracts available on the Trading Platforms will be covered by the following provisions:
 - (a) The Contract payouts shall be determined by the Company at its sole discretion. The payouts may vary per asset and at every moment of the day.
 - (b) The trade opportunities may be limited as different markets may close at different times during the day due to local trading hours and time zones. The Users also understand that certain markets (such as stocks and stock indices) are not open throughout the day and that trading may not be available when the markets are closed.
 - (c) The trade opportunities may be limited depending on market conditions and/or market liquidity. The Users also understand that certain contracts based on the time of day, currency pair or expiry will not be open throughout the day.
 - (d) The company will be using various price feeds for determining the price of each asset and may be different than the prices available in the primary markets where the assets are traded. In the event of any dispute regarding market or settlement values, the decision of the Company shall be final and binding.
 - (e) The company will make charting data available to the Users based on the price feeds obtained. The User understands that these prices are indicative only and may at times differ from the real market

values. The Company's decision as to the calculation of a financial contract price will be final and binding.

- (f) If there is any disruption in the price feeds that cannot be immediately rectified by the Company, then the Company reserves the right to refund the contract purchase if it was initiated through the On-site Wallets.

Trading Rules and Limits

- 41. We may determine 'Trading Rules and Limits' for trades and contracts on the Trading Platforms which are a part of the Terms and Conditions and should be read together with them. These Trading Rules and Limits may be changed from time to time depending on the changing market, regulatory and other conditions.
- 42. The important Trading Rules as of now stand as:
 - (a) Contracts will not usually be offered with a profit percentage smaller than 5 (Five)% (i.e. payouts of under USD 1.05 for each USD 1 staked)
 - (b) Contracts offered by Us (Spectre Trading Limited.) will have a minimum purchase price of USD 1.00, an amount that can be changed at the Company's sole discretion.
 - (c) Contracts are not usually offered in the last hour of trade of any given market (for foreign exchange markets, the restriction may be extended up to 3 (Three) hours).
 - (d) Contracts will not usually be offered during the first 10 minutes of market trade.
 - (e) The prices of some contracts may be offered at different prices depending on market conditions during the day
 - (f) Contracts on FX pairs will not be purchased or should not expire during the weekends
 - (g) Market prices are updated at most twice per second.
 - (h) On certain occasions, a User who is trading will be able to sell a contract prior to its expiry, but this is not guaranteed by the Company to always be the case.
- 43. The Company at its sole discretion may apply volume trading limits on Spectre Accounts ('Trading Limits') subject to AML/KYC provisions and modifications or at the Company's sole discretion. Currently there are no such limits in place.
- 44. The Company at its sole discretion may set lower Trading Limits or prohibit transactions altogether for some Spectre Accounts and require completion of KYC and AML procedures before allowing trade on those Spectre Accounts.
- 45. Users whose On-site account balance exceeds the maximum account size mentioned in Clause 40 above, when applicable, will be required to transfer the excess amounts to another Off-site Wallet to comply with the provisions and continue trading with their Spectre Account.

General Terms of Usage

- 46. All transactions and contracts which may be conducted on the Spectre Platforms, Use of the Spectre Platforms and the Terms and Conditions and Privacy Policy themselves will be governed by the laws of Saint Vincent and Grenadines law only.

Other terms

70. All Communication shall be made with Us and will be made by Us in English only.
71. The Privacy Policy and Terms and Conditions may be updated from time to time and the version available on www.spectre.ai on a given date will be considered as the governing document for any incidents arising on that date. Only the latest version of the Privacy Policy and Terms and Conditions will be available on the Website. Users have the sole responsibility to download and save any copies of the Privacy Policy and Terms and Conditions on a particular date if they require them. No request for supplying older versions of the Privacy Policy and Terms and Conditions will be accepted.
72. The Terms and Conditions will not be interpreted against one party merely as it was drafted by the party.
73. **Force Majeure:** The Company shall not be held responsible for any delay or failure in performance arising out of causes beyond its control, or without its fault or negligence. Such causes may include, but are not limited to, fires, terrorist acts, strikes, embargoes, shortages or supplies of raw materials, or components or finished goods, acts of God, or national disasters.
74. For purposes of this Terms and Conditions document, whenever the context requires:
- (a) the singular number shall include the plural, and vice versa;
 - (b) the masculine gender shall include the feminine and neuter genders,
 - (c) the feminine gender shall include the masculine and neuter genders,
 - (d) the neuter gender shall include the masculine and feminine genders; and
- the words include and including, and variations thereof, shall not be deemed to be terms of limitation, but rather shall be deemed to be followed by the words without limitation.
75. By using the Website and any other Spectre Platform, the User accepts that he/she has read and accepted the entire Terms and Conditions document and is legally competent to provide consent under laws of all jurisdictions which cover his Use of the Spectre Platforms.
76. In case You are resident within the European Union, Your consent to these Terms and Conditions shall also be considered as “unambiguous consent” in terms of Article 7 of Directive 95/46/EC of the European Parliament and of the Council of 24 October 1995 whereby You have permitted collection, transfer and processing of Your Personal User Information and Anonymous Information anywhere across the world.

After the GDPR is in force from 25 May, 2018, all European Union Residents will be considered to have provided valid consent when they open or had opened a Spectre Account by signing a document or clicking on any required buttons or through email or by use of any other authentication options provided by the Website or through any other mode that is required under law.
